

GEORGETOWN VILLAGE

2023: Year in Review

Fighting Social Isolation

According to a 2023 national poll conducted by the University of Michigan, **one in three** people between ages 50 and 80 say they sometimes or often experience feelings of loneliness, or sometimes go a week or longer without social contact with someone from outside their home.

In 2023, Georgetown Village hosted **1,581 attendees** at our programs throughout the year. The vast majority of these events were in-person.

What Members Are Saying

Your organization has really helped us when we most needed it. Thanks to all involved in this wonderful community resource.

There are lots of brilliant ideas in this world, but it takes more than genius to carry them forward. Georgetown Village is a brilliant idea that is actually working! I cannot express my thanks enough for all you have done to make my post-operation bearable.

Thank you for welcoming me to Georgetown Village and introducing me to such wonderful friends. You have helped me through a very difficult time.
